## SX205

**Saxdor 205** is an updated version of the popular **SX200** model, designed for high-speed outings on the water. The boat is built with safety in mind, making it an ideal choice for active water recreation. The reinforced hull with a sharp entry and vacuum infusion ensures excellent fuel efficiency and outstanding performance. The boat is designed to accommodate 7 passengers and offers flexible layout options with additional storage space. One of the standout features is the optional console-mounted bathroom, perfect for extended trips. The helm console is equipped with illuminated stainless-steel switches, while the 9-inch Simrad touchscreen provides easy access to navigation, engine data, and the audio system.
