KAPUSHA

KAPUSHA is an exclusive 29.06-meter motor yacht built by **Sanlorenzo** in 2021, combining stylish design and high performance. This yacht has never been chartered and has been meticulously maintained. It features an asymmetrical layout that increases the interior space. With a top speed of 28 knots and a cruising speed of 24 knots, **KAPUSHA** is powered by two powerful MTU 16V 2000 M93 engines, each delivering 1823 horsepower, ensuring excellent dynamics and range. The 10,350-liter fuel tank capacity enables long-distance voyages, while the zero-speed stabilizers ensure comfort both at anchor and underway.

KAPUSHA accommodates up to 8 guests in 4 cabins, including a full-beam master suite on the main deck, 1 guest cabin, and two VIP cabins on the lower deck, each with its own ensuite bathroom. The interior, designed by Zuccon International Project, features a modern minimalist style with the use of warm wood, textiles, and stone elements.

KAPUSHA offers several outdoor relaxation areas, including a flybridge with a bar and lounge, as well as flexible shaded and dining areas for outdoor enjoyment. At the aft of the yacht is a garage with a Williams Sportjet 435 tender, Seabobs, and other water toys.
