FLAG -

MOTOR YACHT

GT65

The **Pardo GT65** is one of the most innovative yachts in the **Pardo** lineup, combining stylish design, comfort, and performance. Positioned between the GT52 and flagship GT75, this yacht embodies a modern and balanced approach to fast cruising. Developed in collaboration with Zuccheri Yacht Design, the **GT65** offers bright and cozy spaces.

The interior of the **GT65** optimizes space, offering two to four cabins and three bathrooms. The innovative raised galley on the lower deck creates a more open, functional space while maintaining a clear separation between guest and service areas, providing added privacy. The master suite, spanning the full width of the lower deck, is a standout feature, offering a transverse bed and a walk-in wardrobe. The exterior of the **GT65** is easily recognizable thanks to the reverse bow, which has become a hallmark of **Pardo Yachts**. The superstructure is equipped with large uninterrupted glazing and minimal supports, allowing natural light to flood the interior and providing a panoramic 360° view while maintaining structural integrity. The large aft window with a folding mechanism seamlessly connects the cockpit and interior, creating a unified space and enhancing the connection between the yacht's living areas and the sea. The walkaround configuration ensures safety and ease of movement throughout the yacht.
