KAYENNE

KAYENNE, launched by **Pardo Yachts** in 2023, is an exceptional example of the **GT52** model with a lower deck galley and numerous upgrades and additions. The current owner has made significant modifications, including converting the crew cabin into a double-bed cabin, increasing the guest capacity to 6 people. The full-size owner's cabin is located on the lower deck, featuring an ensuite bathroom at the bow. There is also a cabin with two single beds on the starboard side, complete with its own bathroom. The third cabin is located in the main salon, where the crew cabin was originally situated.

The main deck offers a spacious lounge area with a lift-up television and two long sofas on either side, creating an ideal space for socializing. The dining area comfortably seats 6 guests.

KAYENNE is equipped with two Volvo IPS D8-600 engines, each with only 120 hours of use, and cruises smoothly at 22 knots, reaching a top speed of 30 knots. The yacht is fully equipped with features such as a hydraulic platform capable of accommodating a tender up to 3 meters in length, a water purifier, gyroscopic stabilizers, an electric bimini, and a sunroof hatch. **KAYENNE** is in impeccable condition, ready for immediate departure, offering the perfect combination of performance, comfort, and modern options.
