MOTOR YACHT

ABIE

The motor yacht **ABIE**, built by **Azimut Yachts** in 2024, is a **Grande 36M** model - a modern 35-meter yacht that combines advanced engineering with refined Italian design.

She is powered by twin MTU 16V 2000 M96L engines, delivering a top speed of up to 24 knots and a cruising speed of around 18 knots. The innovative D2P (Displacement to Planing) hull concept allows for both efficient cruising and higher-speed performance. Her range reaches up to 1,140 nautical miles, or approximately 570 nautical miles in higher-speed режимах. The yacht is equipped with twin Kohler 80 kW generators and a stabilization system for enhanced comfort.

The layout accommodates up to 12 guests across five cabins, including a full-beam master suite on the main deck, offering excellent privacy. The lower deck features four guest cabins with flexible configurations. A crew of six is accommodated in separate quarters, ensuring a high level of service.

The main saloon features floor-to-ceiling panoramic glazing, maximizing natural light and maintaining a strong connection with the sea. The interior is styled in a modern, understated aesthetic, using high-quality materials throughout.

Outdoor spaces include the signature Infinity SkyDeck - serving as the primary social and relaxation area—as well as a beach club at the stern with direct water access. The deck layout is designed for versatile use, whether for entertaining or extended cruising.

ABIE has been used exclusively for private purposes and is presented in near-new condition, with no outstanding warranty items.
