MOTOR YACHT

WILLPOWER

WILLPOWER is a 37-metre motor yacht delivered in 2018 by **Ferretti Group** under its **Custom Line** brand. Designed in collaboration with Zuccon International Project, she is purpose-built for long-range cruising with exceptional onboard comfort. Her displacement hull and impressive internal volume provide the sense of space typically found on much larger yachts. **WILLPOWER** is registered under the British Virgin Islands flag and is presented in turnkey condition.

The yacht accommodates up to 11 guests across five well-appointed staterooms, supported by seven bathrooms. Crew quarters for seven are arranged across five cabins, including a dedicated captain's cabin, ensuring a clear separation between guest and crew areas.

Powered by twin MAN 12V LE 446 diesel engines, each producing 1,400 hp (approx. 3,721 engine hours), **WILLPOWER** reaches a top speed of 14 knots and cruises comfortably at around 12 knots. Comfort underway is enhanced by ABT Trac stabilisers, an ASEA shore power system, twin 70 kW Kohler generators, an Alfa Laval fuel cleaning system, and two Idromar watermakers with a capacity of 250 l/h each. Navigation is managed via an integrated i-Bridge system, complemented by Furuno radar, Simrad autopilot and compasses, MaxSea and ECDIS electronic charting, and Sailor communication systems (VHF, SSB, Navtex, EPIRB, SART). Full control redundancy is available via bridge wing stations.

The galley is fully equipped with professional-grade appliances, including Miele refrigeration and freezer units, cooktop, oven, microwave, and ample storage for extended voyages. A fully integrated AV/IT system runs throughout the yacht, featuring Samsung TVs, Sonance and Yamaha audio systems, KVH satellite TV, Apple TV, IPTV, and Wi-Fi coverage across all areas.

Onboard amenities include a Williams Dieseljet 565 tender, a Seadoo GTX 300 jet ski, a diving compressor with full equipment, and a Sea Pool platform - offering a wide range of water activities. Outdoor spaces include a spacious sundeck as well as fore and aft deck areas that can be configured for both lounging and dining, making **WILLPOWER** equally suited for extended cruising and entertaining.
