MOTOR YACHT

DEVA I

DEVA I is a 28.2-metre open motor yacht built by **Mangusta (Overmarine)**, representing a classic performance-driven platform designed for speed, agility, and active use on the water.

Powered by twin MTU engines paired with Kamewa waterjets, **DEVA I** reaches a top speed of up to 33 knots and cruises comfortably at around 30 knots. This configuration обеспечивает rapid acceleration, precise maneuverability, and efficient operation in shallow coastal areas. Her performance profile is ideally suited to dynamic itineraries with frequent changes of location and fast transitions between anchorages.

Accommodation is arranged for up to 9 guests across four staterooms. The layout includes a master suite, a VIP cabin, a double cabin, and a twin cabin with an additional Pullman berth. Crew quarters for up to four are fully separate, ensuring smooth operation without compromising guest privacy.

The interior is styled in classic Italian fashion, featuring warm wood finishes, soft lighting, and a neutral color palette. Spaces are designed with practicality and comfort in mind, offering a relaxed retreat after time spent on the water.

Outdoor living is central to the **DEVA I** experience. The aft deck features a large sunbathing and dining area, while the open yacht configuration emphasizes maximum time outdoors and uninterrupted connection with the sea.

Technical equipment includes Simrad navigation systems, integrated audiovisual solutions, and a watermaker supporting onboard autonomy. **DEVA I** complies with MCA standards and is classed by Bureau Veritas, confirming her readiness for operation.

Fast, responsive, and purpose-built for coastal cruising, **DEVA I** offers a dynamic and engaging yachting experience.
