SERENDIPITY

SERENDIPITY is one of the most compelling examples of the **Azimut 116** series, originally designed by Stefano Righini and built by **Azimut Yachts**. Following an extensive €1.95 million refit completed in 2024, she presents in a near-new condition, combining proven platform reliability with a thoroughly modernized aesthetic and technical specification.

The refit encompassed a comprehensive upgrade program, including a full repaint of the hull and superstructure, replacement of teak decking, and a complete interior redesign by Margherita Casprini, introducing a brighter, more contemporary style. Key technical systems were also upgraded, including generators, air conditioning, shaft lines, and electrical infrastructure, alongside the integration of modern AV systems and Starlink connectivity.

Accommodation is arranged for up to 12 guests across five primary staterooms. The layout includes a master suite with a private entrance on the lower deck, two VIP cabins, and two twin cabins with Pullman berths. An additional space on the main deck, currently configured as a lounge or office, can be converted into a sixth cabin, increasing capacity to up to 15 guests. Crew quarters for up to six are fully separate, ensuring smooth and discreet operation.

Exterior decks are designed for versatile onboard living. The flybridge features a bar and dining area for up to 12 guests, complemented by a hardtop with an opening section. Sunbathing and lounge areas are distributed across multiple levels, while the aft section incorporates a garage that transforms into a beach club with direct access to the water.

Comprehensively upgraded and highly adaptable, **SERENDIPITY** offers a rare opportunity to acquire a fully modernized **Azimut 116** - combining volume, flexibility, and updated systems within a proven and popular platform.
