## FIZZY

**FIZZY** is a 13.45-metre Pardo 43 built by **Cantiere del Pardo**, representing a modern walkaround platform designed for effortless outdoor living. Her dark blue hull, refreshed in 2025 and complemented by teak decking, gives her a clean and contemporary appearance.

The yacht's architecture is based on a walkaround concept, allowing unrestricted movement around the deck. Wide side decks, a flush layout, and seamless transitions between the helm station, cockpit, and lounging areas ensure efficient use of space and intuitive circulation. The overall design is focused on maximizing time spent outdoors.

Powered by twin Volvo Penta IPS 650 engines, **FIZZY** delivers a cruising speed of approximately 25 knots and a top speed of up to 35 knots. The IPS system enhances maneuverability, reduces vibration, and simplifies handling, including precise joystick docking. For added comfort at anchor, she is equipped with an MC2 Quick gyro stabilizer, significantly reducing roll and improving onboard stability.

Despite her sporty, open configuration, **FIZZY** offers accommodation for short stays. The layout includes two cabins for up to 4 guests and one bathroom. Interiors are styled in a modern, functional manner, making them well suited for weekend trips and short coastal escapes.

Compact, dynamic, and easy to use, **FIZZY** delivers a well-balanced boating experience - ideal for day cruising, coastal exploration, and relaxed getaways on the water.
