NALE MINNIE

NALE MINNIE is a Pardo 43 built by **Cantiere del Pardo**, representing a modern walkaround platform designed with a focus on ease of use, open space, and seamless movement on board. Her hull architecture, featuring a reverse bow, combined with a well-balanced deck layout, creates a cohesive and functional design tailored for active coastal cruising.

The walkaround configuration allows unrestricted circulation around the yacht, maximizing usability. The foredeck is arranged as a sunbathing area, while the cockpit offers a flexible seating and dining setup. A hydraulic swim platform provides easy access to the water, and an electric folding Bimini top allows for adjustable shade depending on conditions. Overall, the layout is ideally suited for day cruising and short getaways.

Powered by twin Volvo Penta IPS600 engines (435 hp each), **NALE MINNIE** reaches a cruising speed of approximately 26 knots and a top speed of up to 33 knots. Fuel consumption is around 110 L/h at 25 knots. The IPS system with joystick control enhances maneuverability, simplifies docking, and обеспечивает smooth acceleration with stable performance across different speeds. Range is approximately 300 nautical miles at cruising speed and up to 500 nautical miles in economical mode.

Interior accommodation is designed for up to 4 guests across two cabins, including a forward double cabin and an aft twin cabin, along with one bathroom featuring a separate shower.

Recent upgrades include new exterior upholstery, replacement batteries (2023), and updated canvas covers (2024). The yacht has been maintained by a professional captain and comes with a documented service history.

Compact, efficient, and easy to operate, **NALE MINNIE** offers a well-rounded solution for owners seeking a modern, user-friendly yacht for coastal cruising.
