MOTOR YACHT

THYKE

THYKE is a 26.76-metre motor yacht delivered in 2019 by **Sanlorenzo Yachts** as part of the highly regarded SL86 series. She combines contemporary Italian styling with a practical layout designed for comfortable private cruising and extended stays on board. Clean exterior lines, balanced proportions, and efficient use of space reflect the signature **Sanlorenzo** approach to modern yacht design.

Exterior living is organized around several key social areas. The flybridge features a dining area, lounge seating, bar, grill, and refrigerator, creating a versatile open-air environment. The aft cockpit connects directly to the main saloon, forming a seamless transition between interior and exterior spaces. Forward, the bow lounge includes a convertible table and sunbathing area. A hydraulic swim platform and integrated tender garage reinforce the open connection to the sea characteristic of **Sanlorenzo** models.

Accommodation is arranged for up to 8 guests across four en-suite staterooms. The full-beam master suite is positioned amidships and includes a walk-in wardrobe. A VIP cabin is located forward, alongside two twin guest cabins, one of which converts into a double. Crew accommodation for three is arranged separately in two cabins, ensuring privacy for guests.

Powered by twin MTU 12V2000M96L engines (1,947 hp each, approx. 1,000 hours), **THYKE** is equipped with hydraulic bow and stern thrusters, as well as an additional cockpit control station to simplify maneuvering. Zero Speed electric stabilizers reduce roll both underway and at anchor, significantly enhancing onboard comfort during extended stays.

Modern, functional, and easy to operate, **THYKE** offers a refined cruising platform that combines **Sanlorenzo's** distinctive design language with a highly practical onboard layout.
