MOTOR YACHT

LADY MAUREEN

LADY MAUREEN is a 26.1-metre **Falcon 86** motor yacht built in 2006 by **Cantiere Navale Falcon**. Commercially registered under the Malta flag and VAT paid, she represents an attractive proposition in the 26-metre segment, combining Italian design, spacious decks, and a flexible layout for up to 10 guests.

Her exterior was designed by Stefano Righini, visible in the yacht's balanced silhouette and classic proportions. A white fiberglass hull and superstructure, teak main deck, and practical flybridge configuration create the profile of a comfortable Mediterranean yacht suited to both private use and commercial operation.

Accommodation is arranged for up to 10 guests across 4 cabins. On the lower deck, the owner's cabin is positioned amidships and offers good storage areas and a large bathroom with a Jacuzzi and separate shower. Forward, the VIP cabin has its own en-suite bathroom. Two twin guest cabins are supplemented by fold-down berths, increasing flexibility for family use or charter groups.

The main deck interior is finished in a warm classic style, with wood panelling, soft furnishings, and large windows that bring natural light into the saloon. The lounge area is designed for relaxed indoor living, while the forward dining area in the saloon seats six guests. A fully equipped galley with appliances from Bosch, Rosieres, AEG, Liebherr, and Miele supports comfortable onboard living and full service during longer cruises.

Outdoor spaces are one of **LADY MAUREEN's** strengths. The flybridge offers a generous open-air social area with shaded dining, a U-shaped sofa, central table, helm station, and sunbathing spaces. The aft deck and exterior side decks further expand the yacht's lifestyle offering, creating practical areas for dining, relaxation, and social time at sea.

Overall, **LADY MAUREEN** is a well-balanced motor yacht with proven **Falcon** construction, design by Stefano Righini, a spacious guest layout, and commercial registration. She offers comfort, flexibility, and straightforward operational logic for an owner seeking a yacht in the 26-metre class with complete guest areas, a large flybridge.
