MOTOR YACHT

THE SUN

THE SUN is a **Prestige 590** motor yacht delivered to her owner in 2020. Since new, she has had only one owner, has seen light use, and was stored each winter in a closed hangar under protective wrapping, helping preserve her in near-new condition.

Built by **Prestige Yachts / Groupe Beneteau** with exterior styling by Garroni Design, **THE SUN** combines contemporary styling, an intelligent layout, and user-friendly operation within one of the most popular flybridge platforms in her class.

The exterior areas are particularly well suited to Mediterranean cruising and open-air living. The flybridge is equipped with a dining area, lounge, electric grill, refrigerator, and bimini top. Forward, large sun pads and an additional seating area create a separate relaxation zone, while the aft cockpit connects directly to the saloon and works naturally for outdoor dining.

The interior follows a bright contemporary style with panoramic windows, soft neutral tones, and quality finishes. The main saloon combines a lounge area, dining space, and an aft galley configuration, creating a more open and social atmosphere.

Accommodation is arranged for up to 6 guests in 3 cabins, including a master cabin, a forward VIP cabin, and a guest cabin convertible from twin to double. A separate crew cabin is located aft.

THE SUN is powered by twin Cummins QSC 8.3 Zeus engines rated at 600 hp each. Cruising speed is approximately 25 knots, with a maximum speed of up to 30 knots. The Zeus propulsion system provides joystick manoeuvring, Skyhook positioning, reduced vibration, and excellent handling.

With low engine hours, careful ownership history, and a strong specification, **THE SUN** represents one of the most attractive **Prestige 590** yachts currently on the market - modern, practical, and fully ready for comfortable Mediterranean cruising.
