## CANALI

**CANALI** is a 33.8-metre **Canados** 110 motor yacht built by **Canados Yachts**, combining a sporty character, spacious layout, and extensive recent upgrades. Originally delivered in 2009, the yacht underwent major refits in 2020 at the **Canados** shipyard and again in 2023 under her current ownership, and is presented in fully operational condition.

The exterior and interior were designed by **Canados** and Salvagni Design. The yacht stands out with her metallic grey Awlgrip-painted hull and a custom enlarged hardtop installed in 2019, significantly increasing the shaded living areas on the flybridge.

Accommodation is arranged for up to 12 guests across 5 cabins. Crew quarters for up to 5 people allow for a full-service experience both in private use and charter operation.

The main outdoor social area is the spacious flybridge, equipped with a Jacuzzi, lounge spaces, dining area, Bowers & Wilkins sound system, and a projector for outdoor cinema. The aft deck and hydraulic swim platform strengthen the yacht's connection with the sea and make her particularly well suited to Mediterranean cruising.

**CANALI** is powered by twin MTU 16V 2000 M93 engines producing 2,350 hp each. Cruising speed is approximately 24 knots, with a top speed of up to 28 knots. During the 2023 refit, the yacht received upgraded navigation and communication systems, new Raymarine displays, modernised audio systems, refreshed teak decking, and a complete repaint of both hull and superstructure.

Technical equipment includes twin 50 kW Onan generators, Condaria air conditioning, an Idromar watermaker, hydraulic passerelle, underwater lighting, SATCOM, and a full Furuno and Raymarine navigation package.

Thanks to continuous upgrades, distinctive styling, and a true five-cabin layout, **CANALI** remains one of the most attractive yachts in the 30–35 metre segment for comfortable Mediterranean cruising and charter use.
