MOTOR YACHT

BELLA LUNA

BELLA LUNA is a 26.28-metre **Monte Carlo Yachts MCY 86** motor yacht built by **Monte Carlo Yachts** to a design by Nuvolari Lenard. Following an extensive 2026 refit, the yacht is presented in excellent condition, combining contemporary Italian styling, generous exterior living areas, and strong performance.

The yacht stands out with her metallic gold champagne hull colour, panoramic glazing, and 6.56-metre beam, creating impressive internal volume for her class. The layout is particularly well suited to Mediterranean cruising and outdoor living. Key exterior areas include a spacious aft deck for open-air dining, a forward lounge area, and a flybridge equipped with a Jacuzzi, sun pads, and wet bar. Additional features include a fold-out balcony off the saloon, a hydraulic swim platform, and an Opacmare passerelle. The flybridge serves as the yacht's main social and entertainment space.

The interior follows a bright contemporary Italian style with panoramic windows, comfortable lounge areas, and an upgraded multimedia system. Accommodation is arranged for up to 10 guests in 4 cabins, including a master suite, VIP cabin, and two twin cabins with Pullman berths and convertible configurations.

BELLA LUNA is powered by twin MAN V12-1800 engines producing 1,800 hp each. Cruising speed is approximately 22 knots, with a maximum speed of up to 30 knots. Following the 2026 refit, the yacht received upgraded entertainment and communication systems, including Starlink, Apple TV, Yamaha MusicCast, Bowers & Wilkins speakers, and a Rockford Fosgate exterior audio system.

For watersports and leisure, **BELLA LUNA** carries a 4-metre Surmarine tender, a Sea-Doo Spark jet ski, two Seabobs, SUP boards, a canoe, water skis, and towable inflatables.

Thanks to her refit, distinctive styling, and extensive equipment list, **BELLA LUNA** remains a strong offering in the 26-metre motor yacht segment for both private use and Mediterranean charter operations.
