ALBUS

ALBUS is a 41.8-metre **Custom Line Navetta 42** delivered in 2025 and presented in virtually new condition. With only approximately 350 engine hours, all warranty works completed and immediate availability, she represents a rare opportunity to acquire one of the newest and most desirable yachts in the Navetta range without the delays associated with a new-build project.

Designed throughout by Zuccon International Project, **ALBUS** embodies the contemporary evolution of Custom Line's highly successful Navetta series, combining elegant Italian styling, exceptional internal volume and genuine long-range cruising capability. Conceived for extended voyages, she offers the comfort and amenities typically associated with substantially larger yachts while maintaining the efficiency and practicality of a 42-metre platform.

With a gross tonnage of 348 GT, **ALBUS** delivers an impressive amount of interior space rarely found within this segment. Her layout has been carefully designed to support comfortable long-term living on board, balancing generous social areas, refined private accommodation and a high degree of guest privacy.

Accommodation is arranged for up to 10 guests in 5 cabins. The centrepiece of the yacht is the full-beam owner's suite on the main deck, featuring a private office, expansive panoramic windows, generous wardrobe space and an elegant en-suite bathroom finished in Taj Mahal marble. Four additional guest cabins are located on the lower deck, each with its own en-suite bathroom, bespoke furnishings and premium materials. Separate crew quarters accommodate up to 9 crew members, ensuring smooth operation and exceptional service.

The interior is warm, contemporary and highly refined, combining American cherry wood, natural oak, bronze mirrors, soft cream tones and carefully selected marble accents. Floor-to-ceiling glazing and full-height sliding doors maximise natural light and create a seamless connection between the interior spaces and the surrounding seascape.

The main saloon combines a comfortable lounge area with a formal dining space, while a fold-out side balcony enhances the feeling of proximity to the water. On the upper deck, a panoramic skylounge offers spectacular views and direct access to the aft terrace, creating an additional social space for guests.

Outdoor living is equally impressive. The aft deck is dedicated to alfresco dining, while the beach club provides direct access to the sea. Additional sunbathing and relaxation areas are located on the foredeck. The focal point of life on board is the expansive sundeck, equipped with a Jacuzzi, bar, grill, ice maker, dining area and multiple lounge spaces designed for entertaining and relaxation throughout the day.
