GRACE

GRACE is an exceptionally well-specified **Monte Carlo Yachts MCY 66**, delivered in 2020 and privately owned since new. With just 710 engine hours, an extensive factory options package and a history of consistent professional maintenance, she is presented in outstanding condition and represents one of the most attractive **MCY 66** opportunities currently available on the market.

Both the exterior and interior were designed by renowned Italian studio Nuvolari Lenard, whose signature approach combines timeless styling, elegant proportions and practical functionality. The result is a yacht that offers the distinctive character of the Monte Carlo Yachts brand together with impressive comfort and versatility. **GRACE** features a Deep V hull constructed in GRP and reinforced with Kevlar® and carbon fibre, creating a structure that is both lightweight and exceptionally strong. This advanced construction enhances efficiency, improves performance and contributes to the confident seakeeping characteristics for which the **MCY** range is widely respected.

Accommodation is arranged for up to six guests in three en-suite cabins, complemented by separate crew quarters. The interior offers a refined and welcoming atmosphere, making the yacht equally suited to family cruising, entertaining guests or extended stays on board.

A comprehensive specification further enhances her appeal. Key features include a Seakeeper NG9 gyroscopic stabiliser, joystick manoeuvring controls, a Williams 325 Jet Tender, watermaker, upgraded generator package and numerous additional options selected to support comfortable long-range cruising and effortless day-to-day operation.

Combining elegant Italian design, advanced construction, low engine hours and a highly desirable specification, **GRACE** stands out as one of the finest examples of the **Monte Carlo Yachts MCY 66** currently available.
