## J18

**J18** is an **Absolute 58 Fly** delivered in 2017 and maintained in good technical condition throughout her ownership. Offering a level of equipment and functionality more commonly found aboard larger yachts, she combines a practical layout, advanced technology and owner-friendly operation within one of the most successful flybridge platforms in her class.

Her accommodation includes three guest cabins, complemented by a separate crew cabin, making the yacht equally suitable for family cruising, extended Mediterranean voyages and owner-operated use. A gyroscopic stabiliser, joystick manoeuvring system, hydraulic swim platform, tender garage and full-size flybridge further enhance both comfort and versatility on board.

Designed entirely by **Absolute Yachts**, the **58 Fly** gained widespread recognition for her intelligent use of space and exceptional natural light. Extensive panoramic glazing throughout the superstructure provides outstanding visibility and creates a bright, open atmosphere, while her generous 4.8-metre beam delivers an interior volume rarely found on yachts of comparable size.

One of the yacht's key advantages is her gyroscopic stabilisation system, which significantly improves comfort both underway and at anchor. Combined with the efficient Volvo Penta IPS propulsion system, joystick controls and excellent visibility from both helm stations, the yacht is exceptionally easy to manoeuvre and particularly well suited to owners who prefer to operate their yacht themselves.

The interior balances functionality with contemporary Italian styling. The main saloon combines lounge and dining areas within a bright open-plan layout, creating a welcoming social space for owners and guests. A fully equipped galley provides everything required for extended stays on board, supporting comfortable cruising without compromising practicality.

Combining impressive volume, advanced technology and owner-friendly operation, **J18** represents a highly versatile flybridge yacht that continues to stand out as one of the strongest offerings in the 58-foot segment.
