MOTOR YACHT SANLORENZO 73.4M 2029

FLAG -

MOTOR YACHT

74STEEL

The **Sanlorenzo 74Steel** flagship combines extraordinary interior volume, contemporary Italian architecture and an uncompromising level of comfort. As the largest yacht ever built by **Sanlorenzo**, she represents the shipyard's vision of bespoke craftsmanship and its modern approach to life at sea.

With an impressive internal volume of approximately 1,920 GT, she offers the sense of space and residential comfort typically associated with substantially larger fully custom superyachts. One of her defining features is the dedicated owner's deck, complete with a private terrace, lounge, spacious office, walk-in wardrobes and an elegant owner's suite. Completely separate from the guest accommodation, this exclusive level provides an exceptional degree of privacy and creates a true private residence on board.

Accommodation is provided for up to 12 guests in nine beautifully appointed cabins, while a professional crew of 21 delivers impeccable service with absolute discretion. Every aspect of the onboard experience has been carefully considered to create an atmosphere of effortless luxury and personalised hospitality.

Life on board is centred around her exceptional outdoor spaces. A spacious beach club, swimming pool, panoramic sundeck, multiple lounge areas and several alfresco dining spaces invite guests to spend their days outdoors, following the sun and embracing life at sea from morning until night.

Wellness is an integral part of the experience on board. A dedicated spa and wellness complex featuring a fully equipped gym, hammam, beauty salon and relaxation areas transforms the yacht into a private luxury resort, where every detail has been designed to promote wellbeing, tranquillity and complete privacy.
