MOTOR YACHT

BLUE EYES

Following an extensive refit completed in 2026, **BLUE EYES** combines the proven quality of **Princess** Yachts with a modern standard of comfort and significant upgrades to her key onboard systems. Presented in turnkey condition and fully prepared for the new season, she offers an excellent balance of reliability, practicality and comfort, making her equally well suited to family holidays and extended cruises with larger groups of guests.

The refit included refreshed interiors, upgraded guest areas and comprehensive works to the yacht's technical systems and onboard equipment. As a result, **BLUE EYES** now presents a contemporary look while preserving the renowned build quality, dependable engineering and excellent seakeeping characteristics that have made Princess one of the most respected names in luxury yachting.

The interiors reflect the signature **Princess** philosophy, where comfort, functionality and natural light take centre stage. Accommodation is arranged for up to eight guests in four cabins, including a spacious full-beam master suite, two VIP cabins and a guest cabin with Pullman berths, providing a flexible layout that works equally well for families and groups of friends.

Life on board naturally revolves around the yacht's generous outdoor spaces. The expansive flybridge is the social heart of the yacht, where guests gather throughout the day for breakfast, relax in the jacuzzi, enjoy long lunches, sip sunset cocktails or spend warm evenings together. A bar, barbecue, al fresco dining area, spacious lounge seating and generous sunbathing areas all enjoy panoramic sea views, while the foredeck offers an additional private lounge for relaxation. A hydraulic swim platform provides effortless access to the water, completing a layout designed to make the most of every moment at sea.
