## CLOUD 9

Following a comprehensive technical upgrade completed in 2025, **CLOUD 9** stands out as one of the most compelling **Azimut Grande 27M** yachts currently available on the market. Delivered in 2019, she combines contemporary Italian styling, generous interior volume and the proven Grande platform with an extensive programme of technical improvements, highlighted by the installation of brand-new MAN V12 engines backed by a factory warranty through June 2027.

The 2025 upgrade extended far beyond the replacement of the twin 1,900hp MAN V12 engines. New engine mounts and primary engine pipework were installed, while the yacht received a significantly enhanced Simrad navigation suite, Starlink, KVH TracVision UHD7 satellite system, FLIR thermal camera, Naviop monitoring system and GOST security system. Major servicing was also carried out on the generators, hydraulic systems, air-conditioning, watermaker and engine room equipment. Additional works included new batteries, upgraded exterior lighting, new exterior cushions, antifouling and Prop Speed treatment, ensuring the yacht is presented in true turnkey condition with no significant investment required.

Accommodation is arranged for up to 10 guests in five en-suite cabins, including a spacious full-beam owner's suite on the main deck and four guest cabins below. This versatile layout is equally well suited to private family cruising and commercial charter operations. Expansive panoramic glazing, an open-plan interior and recent cosmetic updates - including new carpeting, refurbished flooring and refreshed furnishings - create an atmosphere that feels bright, contemporary and exceptionally welcoming.

Life on board naturally centres around the yacht's generous outdoor spaces. The spacious flybridge offers multiple lounge areas, an al fresco dining space and comfortable seating for relaxing throughout the day, while the aft cockpit flows seamlessly towards the swim platform, providing effortless access to the water and enhancing the connection between the yacht and the sea.

Combining one of the most comprehensive technical upgrade programmes ever carried out on a **Grande 27M** with contemporary Italian design and an outstanding five-cabin layout, **CLOUD 9** represents a rare opportunity to acquire a fully updated, exceptionally well-equipped yacht that is ready for immediate cruising.
