VIPER 100

VIPER 100 marks a bold new chapter in the world of high-performance yachts, combining striking Italian design, exhilarating performance and contemporary living within a sleek 30-metre platform. Designed by Fulvio De Simoni for **ISA Yachts**, she blurs the line between a sport yacht and a superyacht, delivering exceptional speed without compromising comfort or luxury.

At the heart of the concept is a lifestyle centred around the yacht's expansive outdoor spaces. The aft deck, with its fold-down balconies, swimming pool and generous lounge areas, transforms into a seamless waterfront terrace where guests naturally gather to relax, socialise and enjoy life by the sea. The flybridge and foredeck lounge continue this philosophy, creating an effortless flow between sunbathing areas, al fresco dining spaces and the water itself.

The interior reflects **ISA's** contemporary design language, where floor-to-ceiling glazing, clean architectural lines and light, refined materials create an atmosphere more reminiscent of a modern beachfront penthouse than a traditional performance yacht. Accommodation is arranged for up to eight guests in four luxurious cabins, including a spacious full-beam owner's suite.

Yet the true character of the **VIPER 100** comes alive underway. With a top speed of up to 44 knots, she ranks among the fastest yachts in her class. Her waterjet propulsion system delivers immediate throttle response, exceptional manoeuvrability and the ability to access shallower anchorages that are often beyond the reach of conventional yachts. Meanwhile, a spacious tender garage keeps the aft deck completely free, preserving its role as a dedicated waterside living space.

VIPER 100 redefines what a modern performance yacht can be, seamlessly combining speed, design and comfort into one compelling package. With her bold architecture, intelligently designed outdoor lifestyle and unmistakable **ISA** character, she stands out as one of the most exciting and distinctive 30-metre superyachts on the market today.
