MOTOR YACHT

M

Designed by Officina Italiana Design, **M** perfectly embodies the timeless elegance of the **Riva** brand, combining unmistakable Italian styling, generous contemporary living spaces and an effortless yachting lifestyle within one of the shipyard's most successful models - the **Riva 100 Corsaro**.

Presented in immaculate condition, **M** has benefited from continuous professional maintenance and ongoing upgrades throughout her ownership. A comprehensive engine renewal and upgrade completed in 2025 further enhances her mechanical reliability, ensuring she is offered in true turnkey condition and ready for immediate cruising from day one.

Accommodation is provided for up to 10 guests in five luxurious en-suite cabins. The impressive full-beam owner's suite offers a level of space and privacy more commonly associated with significantly larger yachts. Two spacious VIP cabins and two additional guest cabins complete a highly versatile layout, while separate accommodation for five crew ensures exceptional service and comfort on board.

Life aboard **M** naturally revolves around her expansive exterior spaces. The spacious flybridge, inviting foredeck and aft lounge areas, al fresco dining spaces and effortless access to the water create a seamless environment where relaxation, entertaining and time by the sea flow naturally throughout the day. A tender and selection of water toys make it easy to explore secluded anchorages and enjoy every destination to the fullest.

Powered by MTU engines, **M** delivers the smooth, confident performance expected of **Riva's** flagship flybridge models, while Seakeeper stabilisers provide outstanding comfort both underway and at anchor.

Combining iconic Italian design, a highly desirable five-cabin layout and exemplary technical condition, **M** captures everything that has made **Riva** one of the world's most admired yacht builders. Fully prepared for immediate enjoyment, she offers far more than exceptional cruising - she represents a lifestyle defined by elegance, comfort and the enduring pleasure of life on the water.
