MOTOR YACHT

FOUR JOYS

FOUR JOYS is a 30-metre motor yacht built by the Italian shipyard **Maiora** and delivered in 2023. Representing the latest generation of the acclaimed **Maiora 30 Walk-Around**, she was recognised at the World Yachts Trophies in Cannes for the Best Evolution of a Yacht Concept, highlighting the model's innovative approach to onboard living and circulation.

Both the exterior and interior were designed by the renowned Fossati Design Bureau. The yacht's defining feature is her distinctive Walk-Around architecture, which seamlessly connects the flybridge and foredeck on a single level, allowing guests to move freely throughout the yacht without interruption. This innovative layout enhances both functionality and the overall onboard experience, creating a stronger connection between the yacht's various outdoor living areas.

Constructed with a GRP hull and powered by twin MTU engines, **FOUR JOYS** reaches a top speed of 27 knots, combining confident performance with a comfortable cruising experience. With a generous 7.5-metre beam - one of the widest in her class - she offers exceptional interior volume and a level of space more commonly associated with larger yachts.

Accommodation is arranged for up to 11 guests in 5 spacious en-suite cabins, including a full-beam owner's suite on the main deck, a VIP cabin and three additional guest cabins. The owner's suite is further enhanced by a dedicated office area, allowing guests to comfortably balance work and leisure during extended cruises.

The main deck features a bright and welcoming saloon with panoramic glazing, a comfortable lounge area and a formal dining space for up to ten guests. Aft, an inviting outdoor terrace creates a relaxed setting for socialising and dining, while providing direct access to the beach club and swim platform at water level.

The flybridge serves as one of the yacht's principal social areas, offering multiple lounge spaces, an al fresco dining area beneath the hardtop, a bar and expansive sunbathing areas. Thanks to the Walk-Around concept, guests can move effortlessly between the flybridge and the forward lounge area, one of the yacht's most popular spaces for relaxing both underway and at anchor.

Combining award-winning design, impressive volume, innovative architecture and versatile outdoor living spaces, **FOUR JOYS** delivers a contemporary yachting experience that perfectly balances comfort, functionality and connection with the sea.
